To: General Release

Subject: PRESS RELEASE

From: Lonny Ray Williams, National Chairman

Be it known to members and the public that by unanimous resolution of the Executive Committee and National Committees, the **Independent American Party** has reorganized into **the Independent American Patriots**. We will no longer be an exclusive political party and are expanding our mission into an association of faithful independent Americans who are focused on principles of good government, civics, local community development, as well as the civil rights and general welfare of our members.

Our new organizational focus is on local communities at the county level where our members assemble in Private Town Halls to work on the issues that are most important to them. Full members at the local level determine the focus and necessity of action to preserve the principles of good government, member rights, and member welfare by working through local stakeholders and public servants.

Many have speculated that we are getting out of politics, and nothing could be further from the truth. Each one of our members is encouraged to run for office and or support those who are running for office as Independent Americans. Our organization and members work on a local level to identify local public servants who subscribe to the principles of good government. Servant leaders are strengthened in their position while corrupt politicians who serve ideology instead of the people will be exposed and removed.

We embrace methods, principles, and philosophy of our Founding Fathers to build strong communities centered on respect, principles of good governance, personal responsibility, and self-sufficiency. We live by and promote the tenets of Natural Law as we respectfully and belligerently exercise our liberty afforded to us by our representative Republic. We stand up and encourage every Independent American to walk away from the political party system. We invite you to turn your hearts and your votes to the Independent American that stands up for true representation and real leadership. Take a stand against the corrupt political parties that have destroyed our nation. Join us as **Independent American Patriots** and stand up for liberty, freedom, and peace.

Lonny Ray Williams, National Chairman
